

HOME GROWN KIDS

Introducing: Sharon

My name is Sharon. I'm in my late 30's and married to Terry. We have four boys whose ages range from 17 to 4. We emigrated here from London 2 years ago and we love our new lives.

I have experience of working in a local childcare centre, where I discovered I have a passion for working with children. I am also a fully qualified first aider.

A typical day in our house would usually entail an equal balance of routine, structure and time for free play which allows the children to choose their own activity. We have a wide variety of toys, from creative stuff, like play dough, glue, glitter and paints to dress ups, books, train sets, puzzles and dollies. We also have a sandpit, pebbled area with a sit on digger, a swing and slide, bikes and a trampoline complete with safety nets in the fully fenced back garden.

We love spending time outdoors, whether it's water play in the garden, feeding the ducks at Hagley park or visiting the animals at Orana park. We also have regular meet ups at one of the many parks in Rolleston.

I can supply references from current and past parents and am available from 7am to 6.30pm Monday to Friday. Come and visit us with your littlies and see what fun we have.
