

HOME GROWN KIDS

Introducing: Anchen

My name is Anchen. I am married and have a gorgeous 11 month old boy, Morne. I love being in the fortunate position of staying home with him so he can have a routine and one-on-one time. I believe children's minds are like little sponges and should be stimulated from birth. Morne gets as much exposure to the world as his needs require. A balanced life requires different skills; therefore I initiate different activities which Morne learns at his own pace. I plan to introduce themed weeks (colours, numbers, animals, special days etc.) to encourage excellent brain connections.

We love being outdoors so in the mornings we go to activities such as Wriggle and Rhyme, Mainly Music, a playgroup, the beach, the park, the zoo or just play in our garden. In the afternoons or when it is raining, we are indoors reading, playing, painting, baking or even dancing to some music.

Morne enjoys the company of other children so I decided to put my previous child care experience (being a nanny and special needs class assistant as well as babysitting special needs children) to work and joined Home Grown Kids.

Our home is safe, warm and friendly and we would love for you to pop in. My hours are flexible; from Mondays to Fridays, and I can fit in other days to accommodate your family's needs. I am looking forward meeting you and your little ones.

Anchen
