

# HOME GROWN KIDS

## Introducing:

Rachael

I am a qualified Nanny with a wide range of experience and have been working as an In-Home educator since having my own children, my daughter will be 3yrs in April and my son is almost 5 months.

I enjoy working alongside children to extend their knowledge through play. I use positive language and reinforcement, valuing the view point and interests of each individual child.

Our days consist of a basic routine with trips out and about to playgroup, mainly music, the beach, the zoo (we have an annual pass), nature walks and local parks. However I feel that it is equally important to have a balance with time spent at home.

I have many resources and offer a wide range of activities including water and sand play, baking, playdough, lego, drawing, role play and making huts. Our living space is open plan with a large area set up and dedicated as play space.

I am a calm, positive and flexible person, qualities I believe important when caring for young children.

I enjoy caring for children in my own home environment and am looking forward to meeting with you and providing care and education to you and your family.

Rachael
