

HOME GROWN KIDS

Introducing: Louise

My name is Lou, I am Mum to Abbey born October 2007. We live on a large farm 15 minutes drive from Taupo. I have past & current experience in caring for preschoolers with references available :-)

I'm a big believer in getting kids interested and involved with things like collecting eggs, feeding the animals or even just making scones in the kitchen. I am very patient and will go at the child's pace and help them when needed to understand how to do something.

The reason I decided to get involved in working with children is because I think there is nothing quite like the satisfaction of teaching a child something new or the excitement of discovering something wonderful - even if its just a bug on a leaf!! I love also to get involved with what the children are doing; asking them about their painting or joining in with a make believe game, I don't mind playing around and making a fool of myself but I also advocate fair play and sharing between the children. I like to have a simple routine with organised activities as well as free play time and quiet time when needed.

I'm a big fan of; messy play, story time, outdoor activities, make believe, singing and dancing!

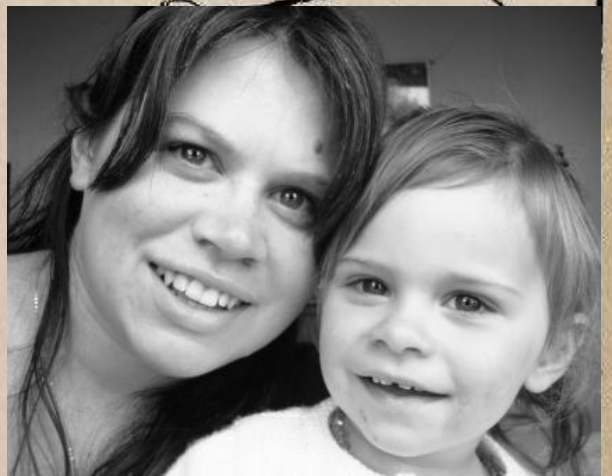

We have a small house but a large fully fenced section with plenty of equipment to keep youngsters entertained, as well as an array of inside activities including; paint, playdough, arts/crafts, reading, waterplay, baking etc.

Also there is the opportunity to attend Playcentre Monday and Thursday mornings.

The farm is quite unique with its different types of animals as well as normal farm equipment, tractors & the likes, an airstrip for the occasional fertiliser plane, a bush block, and the main homesteads large gardens, perfect for picnics or hide and seek.

Pick ups from Town or surrounding area's negotiable.

I encourage you to contact the company or myself if you are interested in a no obligation meeting and having a look around.
