

HOME GROWN KIDS

Introducing:

Petra

Child development and teaching have been a special interest of mine since becoming a young mum in Germany.

I came to NZ in 1982 to realize my dream of living on a Pacific island and found a "dollhouse" with lead light windows right by the sea on beautiful Waiheke Isl.

I have been working in Early Childhood Education for 15 years and I have cared for children of many different nationalities.

I studied for a Bachelor of Education and the Teachings of Rudolf Steiner under Carl Hoffmann. I love making our own educational resources, dress-ups and toys with the children.

I believe children need the magic of stories, art, music and dance in their lives. We make good use of our cottage garden with its magnificent climbing trees and quiet local beaches.

My own children have grown up and are travelling the world, so I am looking forward to meeting and caring for yours.

Petra
