

HOME GROWN KIDS

Introducing:

Sarah

Hello, I'm Sarah. My husband and I have 2 beautiful children aged 6 and 2. We live on a farm out of Te Awamutu (Parawera).

Being a stay at home mum is the most amazing occupation ever. I strive to provide your children with a safe, warm, friendly environment where they feel secure and welcome. I provide a large range of activities and resources for your children; these include water play, sandpit, balls, bikes, slide, painting, puzzles, books, blackboard, educational activities, drawing and much more.

I really enjoy experimenting with art and crafts to let children express their creative side extending their imagination. I also take great pride in displaying children's artwork around my home for them to all enjoy. I enjoy taking the children on outings to the park and playgrounds. I also attend a playgroup every Wednesday in Putaruru which I find is fantastic.

Being on a farm we have plenty of animals to care for. At home we have a budgie, 2 cats, 3 chickens and plenty of cows around the farm.

I look forward to meeting with you and caring for your children.

Sarah
