

Our visit to Dramarama

Auckland region

November 2009

A fantastic morning was had by nannies, educators, coordinators and children at Dramarama with Janna and Jason. They took the children through a fantastic interactive music, movement and acting session involving imaginative play, games and stories. All children were able to be involved and participate at their own level.

After this the children were then treated to a puppet show which they were really focused on. It was great to see their reactions and obvious enjoyment of the whole environment.

Thanks Janna and Jason for a great experience. We will be back! Janna is also a nanny with H.G.K!

Dramarama-stage school for 3-8 year olds- check it out- they have drama classes 4 times a week.
