

Today we visited the exciting Sensory Room. Together we experienced the sensory world of light, sound and touch. Unfortunately the scent experiences were away being updated.

But that didn't matter because we ran across a piano floor and made some wonderful sounds; we pressed large buttons and made bubbles in the bubble tubes. We watched as air pressure lifted up balls and scarves, we played in the spaghetti coloured fibre optic tubes and made some amazing shadows. Some of us even went for a ride in the bungee chair. There was lots to see and do and our 30 minute session went so quickly.

The sensory room is open Monday - Friday 9am - 5.00pm and on Saturdays 10am-4.00 pm

Bookings are essential ph. 941 7119

Curriculum links

Exploration – Mana Aotūroa The child learns through active exploration of the environment.

Children experience an environment where their play is valued as meaningful learning and the importance of spontaneous play is recognised;

Children experience an environment where they gain confidence in and control of their bodies;

Children experience an environment where they learn strategies for active exploration, thinking, and reasoning;

Children experience an environment where they develop working theories for making sense of the natural, social, physical, and material worlds.

Contribution – Mana Tangata: Opportunities for learning are equitable, and each child's contribution is valued.

Children experience an environment where there are equitable opportunities for learning, irrespective of gender, ability, age, ethnicity, or background;

Children experience an environment where they are affirmed as individuals;

Children experience an environment where they are encouraged to learn with and alongside others.
